About Us

Sumber Sejahtera Alamindo (SSA) is a timber manufacturer and exporter since 2011. The factory is located in Pasuruan (East Java – Indonesia). The company was founded upon foreseeing the enormous challenges and chances in providing Merbau Decking, Meranti Decking, and Red Meranti Laminated Scantling to accomplish worldwide needs.

What we do

We have exported our products to Australia, Europe, USA, Japan, and China. We never use nonplantation logs or any sources which are not environmentally sustainable and always use logs from government-regulated plantations.

Why us

At SSA, we believe in providing competitive prices, great service, and quality products to satisfy customer needs with effective project planning, quality control, a caring and experienced staff, and a genuine desire to be the best. SSA works to provide you with consistent satisfaction on every project.
