

# Berkat Petani Indonesia (Gulapa)

Berkat Petani Indonesia (GULAPA) is a manufacturer of high-quality Coconut Sugar, the company name comes from their mission to be a blessing and increase the life standard of local farmers in Central Java by partnering up with them and giving back to society.

Coconut sugar is produced by collecting the sap from the flower bud of the coconut palm tree. Not only is it a healthier alternative, but it is also a more sustainable option, as coconut palms are a renewable resource that requires minimal inputs and can be grown in diverse agroforestry systems. In Indonesia, coconut sugar has been used for centuries as a traditional sweetener.

GULAPA's role is to support and maximize the local community by working together with Non-Governmental Organization as they strive to improve the prosperity of the local community.
