

Gunung Hijau Masarang

Gunung Hijau Masarang is a pioneering renewable energy company that harnesses geothermal power to process agro products. Their vision is to create a sustainable future through the preservation of nature and the empowerment of local people. The company's flagship project in North Sulawesi utilizes geothermal energy to power our sugar processing factory and support the livelihoods of local farmers.

Gunung Hijau Masarang produces certified organic arenga sugar with a distinct caramel taste and a lower glycemic index compared to other sweeteners. The company has a strong commitment to sustainability that goes beyond operations, as they collaborate with local communities to promote sustainable agriculture, reforestation, and ecotourism.
