

100% ORGANIC COCONUT SYRUP

(Single Ingredient)

Made from **100% pure coconut sap** taken from the flower bud stems of certified organic coconut trees in Central Java. Fresh sap is skillfully extracted by a revolutionary, preservative-free tapping and collection system that makes Nectara Coconut Syrup the highest-quality and best-tasting coconut syrup. To assure a superior product, fresh sap is immediately concentrated by evaporation (under the same principles and standards as high-quality maple syrup).

Nectara Coconut Syrup carries industry standard certification seals. It is therefore made by applying biological and mechanical practices that support ecological balance, on-farm cycling of resources, and the conservation of biodiversity.

PACKAGING AND LOADING

Coconut Syrup Glass Bottle 320g

- Glass Bottle 320g
- Carton contains 12x320g
- Carton Dimension 270x180x175mm with partition
- FCL 20 ft, 20 pallets double, 120 carton/pallet
- LCL min 2 pallets or 2 CBM or 100 cartons
- Pallet dimension 100x120x15cm
- Customized, OEM, private label (terms and conditions apply)

Coconut Syrup Stick 20ml

- Sugar stick 4g, 110x20mm
- Sugar box 4x40 sticks, 140x100x70mm
- Cartons contains 24 boxes (320x300x310mm)
- FCL 540-882 cartons, 20 ft
- LCL min 100.000 pcs
- Pallet dimension 100x120x15cm
- Customized, OEM, private label (terms and conditions apply)

Coconut Syrup Pail 28 kg

- Plastic pail, PP, White, Food grade
- Pail size 330x330x380mm
- FCL 20 ft 270 pails, 10 pallets
- LCL min 1 pallets, 27 pails
- Pallet dimension 100x120x15cm
- Customized, OEM, private label (terms and conditions apply)

Coconut Syrup BIB 23 kgs

- Inner BIB 23kgs
- Outer with Carton Box 630x425x185 mm
- FCL approx. 10 tons
- LCL min 100. cartons
- Pallet dimension 100x120x15 cm
- Customized, OEM, private label (terms and conditions apply)

ORGANIC COCONUT SUGAR

Granule

Coconut Sugar has been part of Indonesia's culinary tradition for sweeteners. Coconut sugar is made from coconut sap, which is called neera. Neera is the nectar or sap from the flower of coconut trees. Farmers traditionally harvest the neera. After tapping and collecting the neera into kettles, neera is boiled until the moisture content is evaporated before it is allowed to set into a solid shape. After cooling down and solidification, it is pounded into granules through a crystallization and sieving process.

We produce coconut sugar in our own HACCP-certified facility under hygienic modern condition to ensure its high quality and cleanliness. From the harvest to the final product, we maintain direct control through Internal Control System to safeguard its high purity and complete traceability.

SUSTAINABLE

we protect the environment through a sustainable farming system

HAND HARVESTING

we ensure high-quality and high production harvests

PURE AND UNREFINED

processed naturally, unbleached, unrefined, pure without any other ingredients

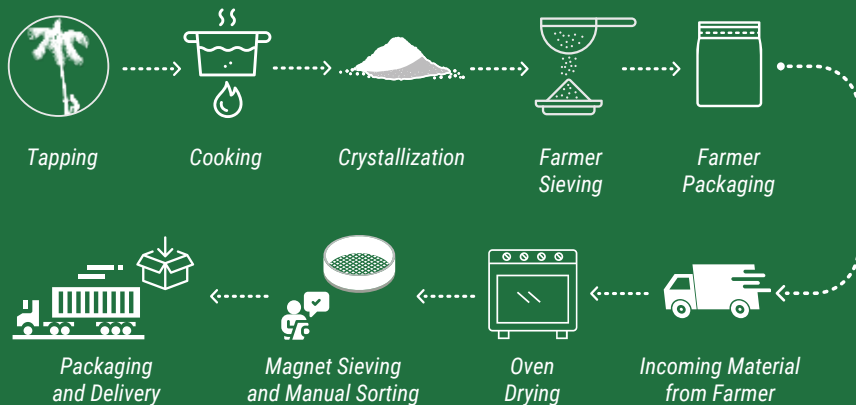

RICH IN VITAMIN MINERAL

contains potassium, magnesium, zinc, iron, vitamins B1, B2, B3, B6, and amino acids

PACKAGING AND LOADING

Coconut Sugar 25 kgs

Details:

- Plastic HDPE 0.10mm (inner/primary)
- Carton box double layer (secondary)
- Carton contain 1x25 kgs (550x275x245 mm)
- Carton contain 2x12.5 kgs (435x325x260 mm)
- FCL 17-18 tons, 20 ft, floor stacking
- LCL min 2 pallets/2 CBM/2 tons for FOB term
- Customized, OEM, private label (terms and conditions apply)

Coconut Sugar Pouch 250g, 454g, 1000g

Details:

- LLDPE, OPP, Kraft (primary)
- Inner carton 280x180x115 mm (single layer)
- Master carton 395x290x255 mm (double layer)
- 250g (10 pcs/inner carton, 40 pcs/master carton)
- 454g (6 pcs/inner carton, 24 pcs/master carton)
- 1000g (16 pcs/master carton)
- FCL 700-900 cartons, 20 ft, stacking floor
- LCL min 2 pallets or 2 CBM
- Pallet dimension 100x120x15 cm
- Customized, OEM, private label (terms and conditions apply)

Coconut Sugar Stick 4g

Details:

- Sugar stick 4g, 110x20 mm
- Sugar box 4x40 sticks, 140x100x70 mm
